ESECO - Speedmaster® is a manufacturer of photographic, graphic arts, and X-ray equipment. Our products are made and serviced in the USA and backed by over forty years of technical experience. All ESECO products come with a one year **No Hassle warranty**.

This instrument is accurate to +/- .02 from 0.00 to 4.00 Optical Density. The push button switch "wakes up" the Pocket Pal and gives a stable reading in just 1 second. The **Speedmaster® SM-12** also features alignment marks for quick film positioning.

The **SM-12** is constructed to be rugged and durable. Minimal drift and no warm-up time provide fast, dependable readings. A 9V AC adapter is available as an accessory.

Reliability and ease of use makes the compact **Speedmaster® SM-12 "Pocket Pal"** the ideal cost-effective choice for film processing quality assurance.
